PROFILE

I am a skilled programmer with expertise in Java, Angular and Database. I am passionate about staying up-to-date with the latest advancements in technology and continually seek to learn new skills. With strong attention to detail and collaborative skills, I am committed to delivering high-quality work that exceeds expectations. I am excited to contribute my skills and experience to your organization.

WORK EXPERIENCE

Web Development

VestaCare

2023-2024

- Assisted senior web developers in designing, developing, and maintaining the company website, gaining experience in HTML, CSS, JavaScript.
- Contributed to the development of responsive web pages, ensuring optimal user experience across devices.
- Collaborated with team members to identify and troubleshoot issues with the website and implement solutions.
- Conducted research on emerging web development trends and technologies, presenting findings to the team and contributing to the company's innovation efforts.

Cashier

Bekai Group

2022-2023

- Assisted customers with purchases, provided information about store promotions and product features, and resolved any issues with transactions.
- Collaborated with team members to ensure a positive customer experience and improve overall store performance.
- Process customer transactions including cash, credit, and debit payments using a point-of-sale (POS) system.

TRAINING

- Completed a comprehensive training program focused on front-end and back-end development with Anera and Dr. Fadi at VESTACARE Company. Developed an understanding of HTML, CSS, JavaScript, and PHP, as well as back-end technologies such as MySQL.
- Completed an online training program focused on Microsoft Office with Arab International Academy and Dr. Arab Dawagreh. Developed proficiency in Microsoft Word, Excel, PowerPoint.
- Completed a training program focused on improving communication skills with Anera and Dr. Fouad. Topics covered included active listening, verbal and nonverbal communication, conflict resolution, and public speaking.
- Completed an online training program focused on stock management with Anera and Dr. Isam. Developed an understanding of inventory management techniques and tools, including inventory control systems, stock level monitoring, and supply chain management.
